An enthusiastic fresher with highly motivated and leadership skills and always willing to innovate the new things which can improve the existing technology.

Carrier objective

- To succeed in an environment of growth and excellence and earn a job that provides me with job satisfaction and self-development, while helping me achieve personal as well as organizational goals.

Certification

- Virtual Internship Program at BHARAT INTERN in Web Development from March 10, 2024 to April 10, 2024.

Projects

Stock Price Prediction using Machine Learning
Built a predictive model to forecast future stock prices using historical market data. Implemented an LSTM (Long Short-Term Memory) neural network to analyze time-series trends and patterns in stock movements. The project involved data collection, preprocessing, model training, and evaluation using real stock data. The final model provided meaningful predictions, demonstrating practical use in financial forecasting.

EDUCATION

- **S.V.P.M English Medium School**

  SSC

- **Satish Pradhan Dnyasadhana college**

  HSC

Indala college of Engineering
Bachelor of Engineering - Information Technology

SKILLS & OTHER

- ProgrammimgLanguages :

  HTML5, CSS3 , JAVA
- Database management
   SQL
- Non -Tech
  Videography, Photography, Video Editing
- Languages can speak
  English, Hindi and Marathi
